Containers and closures? It doesn't matter, we can do all of them!

Bottle unscramblers, filling machines and capping machines. Together with the necessary conveyor technology we can do complete packaging lines for your production.

BREITNER Linear closing machine

The economical solution for simple screw caps and press-on caps. The containers are transferred to the machine by a conveyor belt. There they are stopped and closed.

Fact sheet

- ▶ Function: Pressing on/screwing on caps
- ▶ Large container dimensions are possible through direct handling on the conveyor belt
- ▶ Cap feeding: Reliable horizontal, transfer to the screw head by pick and place
- ▶ Simple & fast format changeover thanks to direct capping on the conveyor belt (few format parts)
